3 - How to Dilute the Three Angels' Messages

An undiluted product is a product designed to work in full strength. It is God's intention that the three angels messages, His last-day appeal to the world, also shall be given undiluted, that is, full strength. It should not surprise you that even here an enemy has tampered with these messages and diluted them of their full-strength potential to overcome all sin and to develop immunity against all end-time deceptions. Would you consider the following as possible areas where Satan may have diluted these messages? When we proclaim a watered-down version of these messages, we may be joining him in his work.

We may dilute the three angels messages...

- when we believe that they are only for the world, and, therefore, do not apply to us.
- when we look upon others as candidates for these messages, but fail to see that they might also contain God's medicine for our own lives. When we have first allowed the x-ray of God's word to expose our own inner flaws, we will be much better prepared to tell other about the healing balm of God's grace.
- when we believe that the symbol of Babylon only applies to the apostasy of false doctrine in other churches, but fail to see that the principles of Babylon may also reside in us – pride, self-seeking, self-glorification, arrogance, rebellion etc. Symbolic Babylon has in it the trait of self-willed covenant unfaithfulness that seeks to find love, like a harlot, in all the wrong places.
- when we correctly see only the historical applications of the beast, but fail to discern where the principles of the beast may subtly reside in our own lives. Have you ever used the methods of the beast to do the work of the Lamb?

We proclaim the three angels messages *full strength*...

- when we understand that the "*fear of God*" (Revelation 14:6) is a most important key to overcome all other fears, including the fear of the judgment and the fear of the beast. The 'fear of God' is a healthy fear, which enables us to face all other fears unafraid. This fear will chase away all unhealthy fears. Whatever we fear most controls us. If you fear the beast most, you will be controlled by the beast. When you fear God most, God will control you.
- when we discover and probe all the Biblical material from the entire Bible which has a bearing on a particular text, word or phrase in the three angels' messages. There is no better way of understanding these messages than to allow the Bible to be its own interpreter. God's word is immensely powerful: "*For the word of God is*

living and powerful, and sharper than any two-edged sword, piercing even to the division of soul and spirit, and of joints and marrow, and is a discerner of the thoughts and intents of the heart” (Hebrews 4:12).

- when we see the everlasting gospel of Jesus Christ as God’s only solution to the sin problem, and rely and trust that it is Jesus only who delivers us from the wrath to come. The gospel is indeed “*the power of God to salvation for everyone who believes...*” (Romans 1:16). Only with the gospel of Christ can you effectively destroy the root of all sin – pride.
- when we preach and teach more about the Lamb than about the beast. The genuine worship of the Lamb of God is the best antidote to the worship of the beast. The best way to counteract the counterfeit is to focus more on the Lamb than on the beast. After all, it is the Lamb who wins!
- when in addition to the “*commandments of God*” and the “*faith of Jesus*” as marks of God’s end-time people, we also teach people about the “*patience of the saints.*” The patience of the saints is our willingness to accept difficult situations without giving God a deadline to remove them. The patience of the saints is also patience with the saints. Patience is a willingness to wait on the Lord without running ahead of Him by taking matters into our own hands.

Do not settle for anything that is diluted. Go for that which is full strength. It is the only thing that works!
